WORK EXPERIENCE

RC Interiors Inc.

Construction Estimator and Technological Services

Summer 2019 | Miami, FL

- Led transition to a software-based solution to drywall, acoustical ceiling, and insulation estimates, rather than performing them physically. Increased workplace efficiency about three-fold.
- Aided in construction plan cost estimation and other miscellaneous technical services.

PROJECTS

Personal Portfolio Website

Design and Development

Winter 2021

- Constructed an ever-growing website with ReactJS, HTML, and CSS; receives constant changes as I become more familiar with different technologies.
- Published using GitHub pages, available at *ricardocolom.com*.

Aliens Took My Friend

Design and Development

Winter 2021

- Developed a short top-down adventure game for the KnightHacks 2021 hackathon, was awarded Best Space App by the United States Space Force.
- Made in under 36 hours using Unity, source code and more available at my website, *ricardocolom.com*.

EDUCATION

B.S. Computer Science, Minor in Mathematical Sciences

Florida International University

Fall 2019 – Present | Miami, FL

(Expected Graduation Summer 2022)

- GPA: 3.850/4.0
- Dean's List (every semester)

RELEVANT COURSES

- Programming I & II (Java)
- Systems Programming (C)
- Advanced Windows Programming (C#)
- Data Structures
- Database Management
- Calculus I, II & III
- Physics with Calculus I & II
- Discrete Mathematics
- Differential Equations
- Linear Algebra

SKILLS

- Java
- C
- C#
- HTML
- CSS
- ReactJS
- Git
- Unity
- Blender
